Forever our
centrepiece

The plenary hall Europa has been the core of the building for over 40 years. We have carefully numbered, restored and reinstalled the detailed ceiling made of brushed pine while renovating in 2010. The hall is customizable according to the number of guests, or can be combined with the entire first floor to form one enormous space for your use. The technical unit is on the 2nd floor as well as a balcony with additional 67 seats in three rows.
