

Need more space?

The „Kellertheater“ in the basement is open for several options. This room without daylight may be used as breakout room, storage or office space but is also a unique concert or bar location. The large goods lift and delivery access is right on the other side of the room. Behind a curtain, there is an already installed bar ready at your service. The room can be combined with the foyer or split into three breakouts, each with a separate entrance.
